

The Battle for Self Ownership in Medical Care

Alphonse Crespo MD
MPL – ISIL Conference Pully August 2013

I am the Owner of my Body

I. THE SELF-OWNERSHIP AXIOM

The absolute right of each person by virtue of his or her being a human being to own his or her own body and mind; that is, to control that body and mind free of coercive interference.²

Ref: Carl Watner, "Towards a proprietary theory of justice" (quoting Murray Rothbard in "The Libertarian Manifesto")

I am the only Governor of my Doctor

Doctor
at the **exclusive** service
of his patient

Third party free
medical care

Health savings
accounts

I am Free to Choose my Health Care

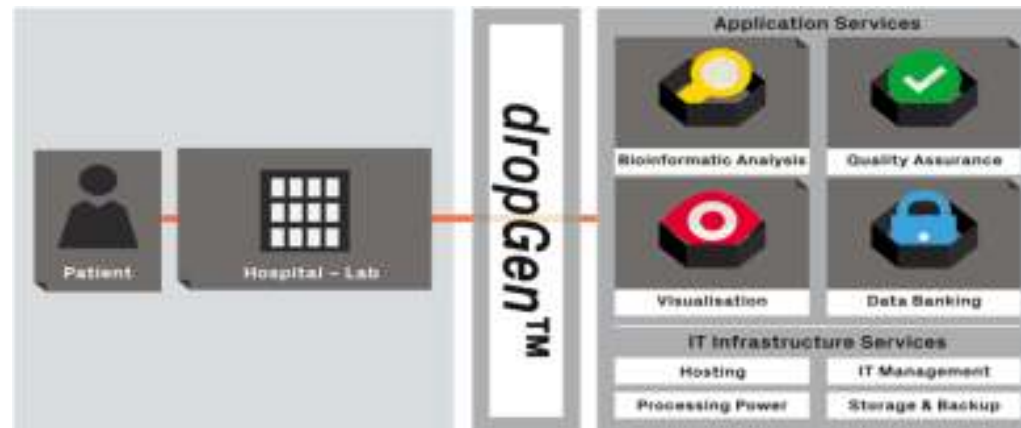

*Dual tracking
& TED*

Health tourism

My Genes are my Private Property

I am the owner of my Life

*until
the End*

When
Truth and **Reason**
win a battle
Liberty comes
Naturally
